

# 2026 UBA5 AWARENESS WALK

We are thrilled to extend an invitation for your company to sponsor the 8th annual UBA5 Awareness Walk, our most significant fundraiser of the year. Your support will play a crucial role in advancing research for treatment options and ultimately finding a cure for individuals affected by the UBA5 gene mutation. Here are some key points about the cause:

- UBA5 gene mutation leads to severe conditions such as intractable epilepsy, dystonia, developmental delays, and progressive brain deterioration, atrophy, and necrosis.
- Research efforts are underway, but ongoing funding is essential for progress.
- Families of UBA5-affected individuals are in urgent need of solutions and treatment strategies for their loved ones.

The UBA5 Foundation, initiated by two mothers from eastern Kansas, aims to raise awareness and support families affected by UBA5. Your sponsorship contribution will assist in covering event organization expenses, including rental costs, T-shirts, and refreshments for participants. Every extra dollar raised will directly support UBA5 research.
